## QUALIFICATION

2017- 2019 M.E in Computer Network & Systems Security – NED UET, Karachi – 3.03 CGPA  
2013-2017 B.E in Computer Systems Engineering – Mehran UET, Jamshoro – 3.81 CGPA  
2015-2015 Global Undergraduate Program – Otero Junior College La Junta, Colorado, USA

---

## WORK EXPERIENCE

**LECTURER** NED University of Engineering & Technology June 2021-present  
Department of Computer Science, Thar Institute of Engineering Sciences & Technology

**Sr. Information Security Engineer** COMMTEL July 2020- June 2021

- Implementing deployment SIEM Solution (QRadar)
- Perform the On-premises installation of SIEM and conduct the routine Maintenance Release Updates. Set up connections between server and required services.
- Work closely with analysts and engineers to facilitate and guide the product (SIEM IBM QRadar).
- Checking and monitoring archive and audit logs
- Log Source integration
- Advance analysis of logs and flows
- Add/Mod/Del policies
- Develop and maintain online monitors, dashboards, reports, and scripts.
- Working directly with customers on application performance management
- Reviews the incident alerts and evaluate its urgency and relevancy.

**Assistant Manager Information Security** Bahria Enterprise Systems & Technologies Jan 2019- June 2020

- SIEM administration (QRADAR)
- Vulnerability Scanning of different web applications (AppScan)
- Patch Management (IBM BigFix)
- IT Auditing
- Digital forensics (Autopsy)

**Information Security Engineer** COMMTEL July 2017 – July 2018

- Deployment and support of IBM Security Products.
- Work closely with analysts and engineers to facilitate and guide the product (SIEM IBM QRadar).
- Directed onsite training for business users to maximize productivity.
- Patch installation, product updates and version upgradation.
- Perform Health-check of IBM QRadar security solution.
- Work with customers to define & manage policies for endpoint security solution troubleshooting techniques.
- Supporting end-users and network administrators of the customer via emails and remote sessions.

**Jr. IT Support Engineer** New Trend Solutions Nov 2016- July 2017

- Diagnose and troubleshoot basic technical issues.
- Prioritize and manage several open issues at one time.
- Track computer system issues through to resolution, within agreed time limits
- Follow up with clients to ensure their IT systems are fully functional after troubleshooting.
- Prepare accurate and timely reports.

**Internee** – Pakistan Telecommunication Limited, Pakistan – June – July 2016

---

## **AWARD & ACHIEVEMENTS**

- Appreciation Award by Otero Junior College La Junta Co, USA
  - Excellence Award by Otero Junior College La Junta Co, USA
  - Merit Scholarship Mehran University of Engineering and Technology Jamshoro (2014)
  - Minority Scholarship (Twice during Undergraduate)
  - Shield Awarded by Hotchand Memorial Committee on securing 1st Position (2010)
- 

## **PROFESSIONAL MEMBERSHIPS**

- Member Pakistan Engineering Council (PEC) Computer/13810
  - Member National Youth Assembly
  - Member Pak-USA Alumni Network
  - Member IEEE MUET Student Branch
  - Member ACM MUET Student Branch
- 

## **TRAINING & CERTIFICATION**

- Certified Ethical Hacker EC Council (ECC3102784596)
  - Cyber Security Foundation Certified CertiProf
  - SOC Essential SOC Experts
  - ISO/IEC 27001 Information Security Associate Skills Front
  - Introduction to Service management With ITIL DION Training
  - CISSP ISC2 & Cloud Academy
  - Certified Network Security Specialist CNSS - ICSI UK
  - Incident Detection and Investigation with QRadar Plural Sight
  - Autopsy Forensic Basis Technology
  - NSE1, NSE2 Fortinet
  - Cisco Certified Network Associate (CCNA Routing & Switching)
  - DCIT Certification
  - IP addressing & Subnetting Certification.
- 

## **RESEARCH INTEREST**

- Information Security
  - Network & Security
-
